

Masterpiece

Have you seen a masterpiece
Stunning and made with creativity
Have you ever seen it
Have you seen yourself reflected
In the mirror of reality
So beautifully made

Let's look at your eyes
Let's look at your hands
Let's look at your heart
And your skin's shade
All things you can do
How intelligent
/That's the way you are/

Chorus

You were made with a beautiful design
So well done form inside out
You were made with perfect love
You have traits which make you so unique
You have values and morale
Someone cared for you putting everything in place

I'm so amazed of His wonders!

He did a great job!
